**A**            **D**            **Em**  
Take my hands, take my feet

So the captives can be free  
                 **D**  
Speak through me

Use Your word, use Your truth  
                 **D/F#**                    **G**  
Make this vessel pure for You  
                 **Em**            **A<sup>sus</sup>**  
So the thirsty can believe

Pour through me

*Lord run Your Kingdom through my heart*

*Move through me*

Take the scales from my sight  
Pierce my darkness with Your light  
So blinded eyes can finally see - Shine through me  
Let me wipe away their tears  
Show compassion, calm their fear  
So wounded hearts will surely heal - Love through me
