Em F Am

Rain falls, (washes over me)

G Em

It's through Your hope I face reality

Intro progression

I see the people striving

I hear the children crying

I feel their spirits crushed in raw defeat

Life is hard and then you die

The wasted tears run from your eyes

This fantasy that "It's alright" is choking me

God set Your people free

2nd Chorus

But when the rain falls (washes over me)

I am renewed again

When the rain falls, (washes over me)

I feel Your strength begin to fill me

Rain falls, (washes over me)

I find Your grace sufficient for me

Rain falls, (washes over me)

It's through Your hope I touch eternity
